

subtle - Bug #204

Multiple grabs with the same key

Description	
Hi	
I have noticed that grabs like	
<pre>grab 'W-S-w s', [:center, :center66, :center33] grab 'W-q s', :WindowStick</pre>	
are not distinguished by subtle and only last action is called for both grabs. I guess it is because last keys in chains are the same.
